REDEPT's A-22 May 7, concerning FCN standard draft Art 8, para 2. Emb urges that Jap proposed reservation port pilots, notaries be accepted without our addition lawyers. Believe problems arising from possible Jap treaty demands under this provision negligible, while our freedom practice law in Japan highly desirable. Approx 30 US firms, individuals already practicing law here, handling important accounts. US businessmen use American lawyers almost exclusively and would strenuously object to treaty provision implying reliance solely on Jap lawyers. Believe this point of major importance, and urge favorable consideration Emb suggestion.
